

PRAAYER ONAIWU

Junior Full-stack Developer

Portfolio: [<https://prayeronaiwuportfolio.vercel.app/#>]

PROFESSIONAL EXPERIENCE:

Sales Assistant Apprentice | Despar | 23/10/2024 – 28/02/2026

- **Priority & Stress Management:** Efficiently managed checkout flows and customer inquiries in dynamic environments, developing strong multitasking skills.
- **Customer Experience:** Optimized customer service and provided logistical support, focusing on the immediate resolution of operational issues (problem-solving).
- **Precision and Standards:** Rigorous adherence to safety and hygiene protocols (HACCP), demonstrating reliability in following strict technical procedures.

Specialized CNC Mechanical Operator | Orlandi Ingranaggi SRL | 10/2022 – 08/2024

- **Logic and Programming:** Managed and configured CNC machines via software interface, applying procedural logic for assembly and tooling.
- **Quality Control & Debugging:** Constantly monitored production processes and performed real-time correction of dimensions on-board the machine to guarantee millimeter tolerances.
- **Technical Analysis:** Utilized precision measuring instruments for dimensional verification, developing strong attention to detail and analytical skills.

CNC Mechanical Operator Inter | Graziosi SNC | (3 mesi)

- **Workflow Management:** Operational monitoring of numerical control machines, ensuring process continuity through rigorous procedural logic.
- **Quality Assurance & Metrology:** Dimensional conformity verification using precision instruments, developing high attention to detail and compliance with project requirements.
- **Data Management & Traceability:** Managed mechanical marking and batch coding, ensuring the integrity and correct identification of production data.

Mechanical Operator Internship | Graziosi SNC | 02/2022

- **Technical Analysis:** Conducted component conformity checks against design tolerances, strengthening the ability to work with stringent technical specifications.
- **Process Logic:** Assisted in machine feeding and monitored production flows to prevent system anomalies.

Metalworking Operator (Summer Job) | Scaglioni SNC | Luglio 2021

- **Human-Machine Interaction:** Provided operational support on CNC lathes and managed robotic tending, demonstrating fast learning in complex technological environments.
- **Operational Problem Solving:** Maintained system parameters (coolants/flow rates) and performed constant visual inspections to ensure production line efficiency.

EDUCATION:

IT TRAINING AND PROJECTS

WEB DEVELOPER (Professional Path) | OpenClassrooms | 2024:

- **Full-Stack Web Development** through hands-on projects and mentorship.
- **Workflow Optimization:** Utilized Notion for task management and AI tools (ChatGPT/Google AI) for code optimization.
- **Front-End: Property Rentals** – Dynamic application developed with **React** and **SASS**. [[Link GitHub](#)]
- **Back-End: Book Website** – Server-side architecture built with **Node.js**, **Express.js** and **MongoDB**. [[Link GitHub](#)]

TECHNICAL EDUCATION:

- **WEB DEVELOPER (Professional Path) | OpenClassrooms | 2026**
- **HIGH SCHOOL DIPLOMA:** Mechanical Maintenance and Technical Assistance Operator | Ist. Primo Levi | 2022
- **VOCATIONAL QUALIFICATION:** Mechanical Design and Production Operator | Ist. Primo Levi | 2021

ADDITIONAL INFORMATION:

- **Driving License:** AM/B

ABOUT ME:

I am a 22-year-old guy, passionate about IT and new technologies, with a proactive approach aimed at constant learning. My passion for travel and engaging with different cultures has strengthened my ability to embrace new challenges, fueling a natural predisposition for professional and personal growth.

📍 Via Claudia 5857/B 41056
Savignano Sul Panaro (MO)
(Available for relocation)

TECHNICAL SKILLS

- **Web Development:** HTML5, CSS3 (Sass), JavaScript (ES6+), React, Node.js, Express.js, MongoDB.
- **AI-Assisted Development:** Prompt engineering applied to debugging, refactoring, and writing efficient code.
- **Design:** Adobe Illustrator, Photoshop.
- **Productivity Tools:** Notion, Git/GitHub, VS Code, Google Workspace.

LANGUAGES

Italian - Native speaker

English - C1

French - B2

German - A1

HOBBIES

- Gym/Sport
- Music
- Travel
- Fashion
