TECHNICAL SKILLS

- ***Web Development:*** *HTML5, CSS3 (Sass), JavaScript (ES6+), React, Node.js, Express.js, MongoDB.*
- ***AI-Assisted Development:*** *Prompt engineering applied to debugging, refactoring, and writing efficient code.*
- ***Design:*** *Adobe Illustrator, Photoshop.*
- ***Productivity Tools:*** *Notion, Git/GitHub, VS Code, Google Workspace.*

LANGUAGES

Italiano *- Native speaker*
Inglese *- B2*
Francese *- B1-B2*
Tedesco *- A1*

HOBBIES

- *Gym/Sport*
- *Music*
- *Travel*
- *Fashion*

PRAYER ONAIWU

Junior Web Developer

Portfolio: [https://prayeronaiwuportfolio.vercel.app/#]

PROFESSIONAL EXPERIENCE:

Sales Assistant Apprentice | Despar | 23/10/2024 – 28/02/2026

- ***Priority & Stress Management:*** *Efficiently managed checkout flows and customer inquiries in dynamic environments, developing strong multitasking skills.*
- ***Customer Experience:*** *Optimized customer service and provided logistical support, focusing on the immediate resolution of operational issues (problem-solving).*
- ***Precision and Standards:*** *Rigorous adherence to safety and hygiene protocols (HACCP), demonstrating reliability in following strict technical procedures.*

Specialized CNC Mechanical Operator | Orlandi Ingranaggi SRL | 10/2022 – 08/2024

- ***Logic and Programming:*** *Managed and configured CNC machines via software interface, applying procedural logic for assembly and tooling.*
- ***Quality Control & Debugging:*** *Constantly monitored production processes and performed real-time correction of dimensions on-board the machine to guarantee millimeter tolerances.*
- ***Technical Analysis:*** *Utilized precision measuring instruments for dimensional verification, developing strong attention to detail and analytical skills.*

CNC Mechanical Operator Inter | Graziosi SNC | (3 mesi)

- ***Workflow Management:*** *Operational monitoring of numerical control machines, ensuring process continuity through rigorous procedural logic.*
- ***Quality Assurance & Metrology:*** *Dimensional conformity verification using precision instruments, developing high attention to detail and compliance with project requirements.*
- ***Data Management & Traceability:*** *Managed mechanical marking and batch coding, ensuring the integrity and correct identification of production data.*

Mechanical Operator Internship | Graziosi SNC | 02/2022

- ***Technical Analysis:*** *Conducted component conformity checks against design tolerances, strengthening the ability to work with stringent technical specifications.*
- ***Process Logic:*** *Assisted in machine feeding and monitored production flows to prevent system anomalies.*

Metalworking Operator (Summer Job) | Scaglioni SNC | Luglio 2021

- ***Human-Machine Interaction:*** *Provided operational support on CNC lathes and managed robotic tending, demonstrating fast learning in complex technological environments.*
- ***Operational Problem Solving:*** *Maintained system parameters (coolants/flow rates) and performed constant visual inspections to ensure production line efficiency.*

EDUCATION:

IT TRAINING AND PROJECTS

WEB DEVELOPER (Professional Path) | OpenClassrooms | 2024:

- ***Full-Stack Web Development*** *through hands-on projects and mentorship.*
- *Workflow Optimization: Utilized Notion for task management and AI tools (ChatGPT/Google AI) for code optimization.*
- ***Front-End:*** ***Property Rentals*** *– Dynamic application developed with React and SASS. [Link GitHub]*
- ***Back-End:*** ***Book Website*** *– Server-side architecture built with Node.js and MongoDB. [Link GitHub]*

TECHNICAL EDUCATION:

- ***WEB DEVELOPER (Professional Path) | OpenClassrooms | 2026***
- ***HIGH SCHOOL DIPLOMA:*** *Mechanical Maintenance and Technical Assistance Operator | Ist. Primo Levi | 2022*
- ***VOCATIONAL QUALIFICATION:*** *Mechanical Design and Production Operator | Ist. Primo Levi | 2021*

ADDITIONAL INFORMATION:

- ***Health & Safety:*** *Workers' Safety Representative (RLS, 2024) and High-Risk Specific Training (2022).*
- ***Driving License:*** *AM/B*

I hereby authorize the processing of my personal data contained in my curriculum vitae according to the GDPR (EU Regulation 2016/679) for recruitment purposes.
